

ABEERAH ATHER

Certified Super-Learning Trainer | **Gold Medallist Speed Numbers**
by Futuristic Learning U.S.A. | World Memory Championship

Abeerah Ather is a USA-certified Super-Learning Trainer with expertise in learning and cognitive development. She conducts Super-Learning programs and workshops that empower students and professionals to learn faster, think sharper, and perform better.

With extensive experience in the field of accelerated learning, Abeerah, alongside Master Trainer Sania Alam, has trained participants from corporate organizations, educational institutions, and military academies. She has also been invited by universities to conduct specialized training sessions, sharing her passion for transforming how people learn and apply knowledge in everyday life through practical and science-backed techniques.

She has also co-developed a course for sharpening mathematical skills alongside Sania Alam, designed to make learning math more engaging, fun, and effective.
