SPEED READING COURSE

**Improve Reading Speed in Just 3 Days
& increase Comprehension, Focus, & Retention!**

When a student asked Bill Gates & Warren Buffett, what is the one SUPER POWER you would like to have...they answered,

“

Being able to
**READ SUPER
FAST.**

”

“

I've probably
wasted ten years
reading slowly.

”

**LEARN
SMART**

**WORK
SMART**

Time is the most valuable commodity.

Learn to read faster to save time and become more productive.

If you save just one hour a day for a year, that equals to 365 hours.

**WHAT WOULD YOU DO
WITH THAT EXTRA TIME?**

**AVERAGE
PERSON**

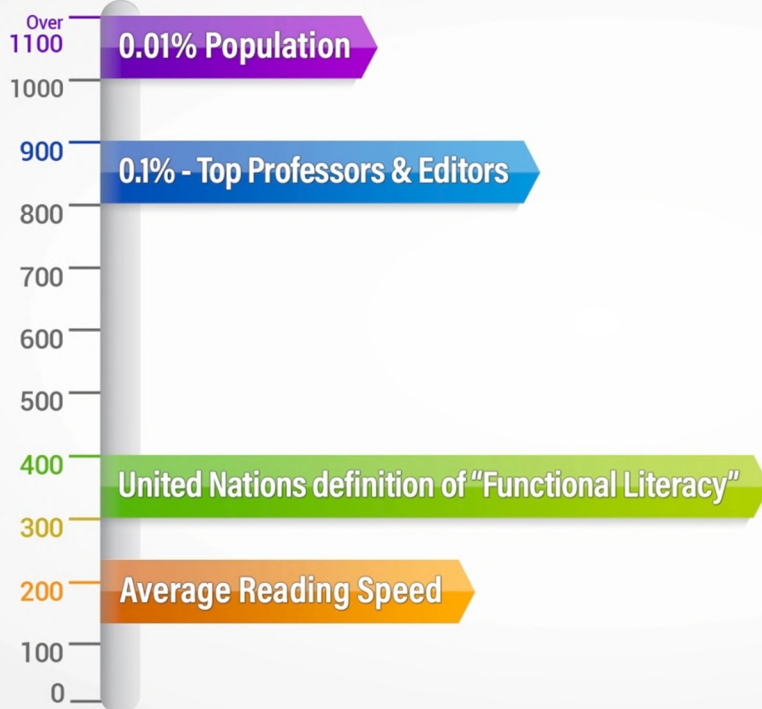

reads 150-220
words per minute

to read 1,000s of
words per minute

**YOU CAN
LEARN**

PUTTING YOUR SPEED IN CONTEXT

Words Per Minute (WPM)

Around one in 10,000 people at over 1100 WPM.

One tenth of one percent of the population read at 900 WPM.

The U.N. declared 400WPM as the minimum speed to be classed Functionally Literate (able to keep pace with the information demands in a developed country).

Average reading speed is between 150 & 220 WPM.

WHAT IS SPEED READING?

Do you need to constantly read and absorb large volumes of text such as study materials, lecture notes, research documents, textbooks etc.? Do you need to understand written material faster and make decisions on new knowledge quickly? Are you stuck with your incorrect reading habits & mistakes you learnt from your childhood? Speed Reading can help!

The innovative and highly effective Speed Reading Course teaches techniques not only to more than triple your reading speed but within the course duration, with little practice, increase it by 500% - 1,000% from the average 150 words-per-minute speed. All the while improving reading memory, comprehension, concentration, and developing your productivity and efficiency.

With the learned techniques and enough practice, you can even participate in World Speed Reading Championships.

We are licensed instructors from U.S.A. and U.K. The Speed-Reading Course is the culmination of our institute's 20 years of research into human brain, mind, heart, and consciousness, as well as 40 years of research by Tony Buzan and other prominent figures.

Do you have TOO MUCH TO READ but too little time?

WHAT YOU WILL GAIN...
